WE NEED YOUR HELP!

STATEMENT

The purpose of the City of Allentown's Emergency Operations Plan is to develop a comprehensive emergency management program that establishes a systematic, coordinated, and effective delivery of emergency services to respond to and mitigate the effects of an emergency, preserve life and minimize damage, respond during emergencies, provide necessary assistance, and establish a recovery system in order to return the community to a normal state of affairs.

PLAN

This plan, along with all references, appendices, and annexes, attempts to define who does what when, where, and how, in order to mitigate, prepare for, respond to, and recover from the effects of natural and technological disasters.

This plan will work if each director and each bureau head require every employee under their jurisdiction assigned to the snow emergency workforce to:

- BE AWARE OF THE SHIFT IN CHAIN OF COMMAND DURING AN EMERGENCY
- BECOME FAMILIAR WITH THEIR ASSIGNED DUTIES
- COOPERATE FULLY

We're counting on YOU
